Burglars Plentiful.

On Friday night burglars entered the drug store of Clarke & Co., and from the looks of things Saturday morning they had thoroughly inspected the entire stock. They helped themselves to cigars, fine soups, pocketbooks and goodness knows what else. This firm carries such an immense stock it was difficult to tell what was taken. They broke open the cash drawer, but missed finding another drawer near by which contained several dollars in money. They entered by cutting a hole in the ware room door and raising a heavy iron bar with a forked stick, then broke a glass in the door in rear of main store room and turned the key which was on inside. They left a strong iron key, which is used on freight cars, for a jimmy. This is the third time the same kind of jimmy has been left by them at houses recently burglarized in our city. It looked very much as if the person or persons who did this job were familiar with the surroundings and lay of things in general.

The residence of Houston Henry, on South Main, was entered on Saturday night, and Mr. Henry relieved of his trousers and \$3.50 in change. They then visited the residence of Mr. Munson, several squares farther out and got a pair of trousers and about \$5 in cash. The trousers of both gentlemen were found Sunday morning in Mr. John Brown's garden.

Burglars seem to be plentiful in our community again, and it seems the only way to land one of them is to wing him. So let's everybody keep his gun loaded and be on the lookout for them—and the bloodhounds will do the rest (?).

The ticket office will extend seven feet in the rear of its present location with windows opening into each room. The baggage and toilet rooms will be enlarged and each conveniently arranged. The Superintendent's office is now located in Paris, and with Mr. Anderson, a Paris man at the wheel, we hope to see the good work pushed to a finish, so we can say, amen.

Free Mail Delivery.

Inspectors Fletcher and Spear were in Paris Saturday locating places for boxes and routes for the free mail delivery system. They will start with twenty-five boxes, one being placed at each hotel. There will be three carriers, one to serve the business portion, which route will be from the G. G. White distillery, in East Paris, to the Midland depot, on both sides of the street and three deliveries a day—7 a. m., 11 a. m. and 4 p. m. Two carriers will attend to the other routes and make only two deliveries a day—8 a. m. and 3 p. m.

The above is substance of report sent in to headquarters by the inspectors. The Civil Service Commission will appoint some one here to hold examination of applicants for carrier and there will be three regulars and one substitute appointed. There will be an increase of carriers if it is justifiable, but they never start with more than three in a city this size.

TIRE SETTING.—Our tire setting machine can set tires cold as well as hot. If you want a cheap job we can do it.

The Hibernians.

A delegation from The Jefferson County Lodge of Hibernians, of Louisville, arrived in Paris Sunday about 1 o'clock and installed a lodge of the same order, to be known as Paris Lodge No. 1.

The Jefferson County Lodge is composed of the cream of the Irish-Americans of Louisville, and the delegation here yesterday proved to be as jolly a bunch of gentlemen as ever visited Paris. There were in the crowd State President Thos. Keenan, State Vice-President John Hennessey, State Secretary Joe McGinn and State Treasurer George J. Butler.

The work of initiating about sixty members into the Paris lodge was done by the famous degree team of the Jefferson lodge. After finishing their work here they returned to Lexington on 5 o'clock interurban car.

The lodge instituted in Paris is made up of our representative Irish-American citizens, and in the future will cut an important figure in the annual convention of the order throughout the State.

The Paris lodge held social session and entertained the visitors to a sumptuous dinner at Hotel Fordham. Forty plates were set and the Louisville brothers left loud in their praise of the hospitality of the Paris lodge.

The other members of the delegation besides the officers named were: Matt Sullivan, Joe Daugherty, Pat Walsh, Wm. Hennessey, Jas. Burns, Joe Cooney, Thos. Callahan, Jos. McGinn, Thos. Keenan, P. D. Sullivan, P. J. Welsh, Owen Keenan, G. J. Butler, Jas. Dolan, Jas. Coleman, Dan Coleman, Pno. Mullon, Pete Cusick, Nic. Sheridan, P. J. Nelligan, John Bany, John Hennessey, John Sullivan, Joe Lynch, John Riley, Wm. Higgins, Tim Lyons, Tim Lynch, Joe Duwan, Ed. Ryan, Tom Lynch.

The Hum of Industry.

The Paris Milling Co. will to-day commence grinding out the last of their stock of old wheat, after a close down of ten days or two weeks for a thorough overhauling of their mill.

The new crop of wheat has not begun to move yet, but the Mill Co. is in the market for new wheat at the top price. They will make the crop bring all it is worth. They lead, others follow.

Their new fire-proof steel elevator is nearing completion and it will pay all who contemplate storing their wheat to investigate this elevator, as its construction renders the carrying of insurance unnecessary.

The Way It Works.

Over in Madison county the other day a cow was killed by lightning. After the storm a farmer came along and seeing the dead cow, went to the house of her owner and said: "Jim, your black cow has been struck and killed." "Is that so?" answered the cow's owner. "That's the best cow I had. She's worth \$100 at least. What train struck her?" "She wasn't hit by a train," said the farmer. "Lightning struck her." "Oh ho—," said the owner of the cow. "I thought it was a train. Well, I don't care much. That old cow wasn't worth over \$10 anyway."
